

You May Share This E-Book

If you enjoyed these spiritual book reviews, then *you are welcome to share this e-book* with anybody you wish (especially friends and family!) All I ask is that you do not modify this e-book in any way.

Also, if you have a website and would like to share this e-book as a gift to your visitors, please contact Chris Cade at Spiritual-Short-Stories.com and I can work with you to create a customized version of this e-book which includes your URL and a special section devoted to highlighting your website.

**Special Thanks to Christine Sherborne of ColourStory.com
for distributing this copy of
“10 Spiritual Books That Will Change Your Life!”**

We read a lot of books, so when we find one with a powerful message then we want to share it with you. Some of these books you may have seen or heard of already, and some of them you might not have heard of or may not have realized had a strong spiritual element.

It is our hope that by reading these reviews, you will read some books you wouldn't normally consider, and that you find great enjoyment and enlightenment while doing so.

*Note: We are always reviewing more books, so visit Spiritual-Short-Stories.com for the latest spiritual book reviews. Also, if you subscribe to our mailing list then you can get several **FREE** gifts!*

Get 4 Free Spiritual Movies on DVD

If you like these books, and you also like movies, then you definitely need to get your free trial to [Spiritual Cinema Circle](http://SpiritualCinemaCircle.com). Every month (*first month free!*) they send you 4 uplifting spiritual movies—three short films and one main feature—that are deeply soulful, inspirational, enjoyable, and yours to keep forever.

“It’s not often you can combine entertainment with personal growth but that is exactly what [The Spiritual Cinema Circle](http://TheSpiritualCinemaCircle.com) offers. These engaging films provide important messages about life, love and the world we live in.”

— Jack Canfield (Author of the Chicken Soup for the Soul series)

How many of these books have YOU read?

Compassion

by Osho

To not only learn what compassion truly means, but to become one with it is no small order. Osho takes you down this path effortlessly and enjoyably. His blunt, candid delivery may make your toes curl at times.

However, you will most certainly appreciate his openness and attention to details. If you've ever

wondered how to cultivate limitless compassion for all beings then this book is certainly for you. If you've also been unsure what compassion really means, this book will dispel any myths in that regard. Just remember that Osho is not for the faint of heart.

Diamond Heart: Book 1

by A.H. Almaas

This book can be a challenge to digest because it provides practical, meaningful direction about the process of, and challenges with, understanding and releasing the ego.

The author understands this so well, that sometimes when a question came into my mind it would be answered in the very next paragraphs.

The reading can sometimes be a little bit content-heavy, but I found it to be incredibly helpful in learning to accept and understand my thoughts, my ego, and ultimately be a happier and more peaceful individual.

The Holographic Universe

by Michael Talbot

Did you know that if a person with multiple personality disorder gets drunk and switches to another personality unaware of the drinking, then the current personality will no longer be drunk?

If you've ever wondered what the limits to the mind and our interconnectedness are, then this book will help you set your sights more accurately.

More specifically, through its true stories and cited studies, it demonstrates that the world is not as we see it. This book clearly shows us that there is a richness and depth that go to such far reaches of our mind that we can't even comprehend it.

This book has the potential to radically alter your world view forever.

Journeys Out of the Body

by Robert Monroe

Fly alongside Bob Monroe as he intrigues you with engaging stories about his first out of body experiences. Monroe does not ask you to believe in a word he says, but rather only asks that you consider the possibility that you are more than your physical body.

Don't take it from him though, his book is intended to enlighten, excite, and encourage you to seek out your own answers.

The Neverending Story

by Michael Ende

Originally classified as a children's book, this is really a deeply spiritual parable written for all of us. Your children will be dazzled by the imaginary creatures and fantasy lands, while you will discover deep spiritual messages and awe-inspiring symbolism that is prevalent in every single chapter.

Travel with Atreyu, Falkor and Bastian as they take on the journey into the heart of man. One of the best parts about this book is that just when you think it couldn't get any more entertaining or profound, it surprises you by being even more of both.

If you've paid attention throughout the book and learned the lessons it aims to teach, then when all is said and done, you too may understand what exactly is "The Neverending Story."

No Ordinary Moments

by Dan Millman

If you'd like to experience profound joy, then this book will help you to balance your mind, body, and spirit, so that you can be more in tune with the joy within yourself that is waiting to be expressed.

Sometimes it reads like a parable, and sometimes like a guidebook, and in both there is a balance that makes it an enjoyable and fulfilling read that will bring you one step closer towards what you currently seek.

Buy [*No Ordinary Moments*](#) for under \$3

The Power of Now

by Eckhart Tolle

This book is for those who are ready and willing to let go of their ego-based reality. Not for the faint of heart, Eckhart Tolle will take you by the hand and lead you back to where we all belong.

He will unveil the depths of this long forgotten reality known as 'The Now'

Buy [***The Power of Now***](#) for under \$8

Seth Speaks: The Eternal Validity of the Soul

by Jane Roberts

A journey into the inner world unlike no other. Seth, an entity who spoke through Jane Roberts, takes his readers on the wildest ride imaginable. From death, to the nature of dreams, to the far-reaching potentials of one's soul, he doesn't leave even one stone unturned.

Not for those with rigid belief structures; only the open-minded should invest in this one. Since it's extremely dense with information, I do not

recommend reading this one before bedtime unless you want to fall into dreamland.

Buy [*Seth Speaks: The Eternal Validity of the Soul*](#) for under \$5

Siddhartha

by Herman Hesse

A journey through the life of a man with a single purpose: to find his own truth. Knowing that the only way to discover life's greatest mysteries is to go through the heart of them alone, he finds himself living one extreme after another until he finally rests in the balance.

The ending will either leave you glowing or pondering, but either way you will not regret taking the time to read this remarkable tale.

Think Logically, Live Intuitively

by *J.R. Madaus*

If you've ever asked yourself what the meaning of life is, or what your spiritual path should be, then this is the book for you.

However, instead of answering either of those questions, J.R. humbly and compassionately awakens your spirit through his awe inspiring experiences and provides you with the tools to find your own way.

About Spiritual-Short-Stories.com

10 Spiritual Books That Will Change Your Life! is brought to you by Spiritual-Short-Stories.com, a website devoted to sharing stories related to the spirit. What makes Spiritual-Short-Stories.com unique is that many of the stories are written by people just like you, for you. The stories are not religion-specific so that people of all religions (as well as no religion) can find enjoyment and meaning in the stories that are shared.

In addition to reading soulful stories, you can send beautiful e-cards (like the picture above), read reviews of spiritual movies, as well as laugh at spiritual cartoons. Also, *if you subscribe to the mailing list* you can get several **FREE** gifts.
